AAA provides the following programs and services:

Adult Day Centers
Caregiver Education
Case Management Services
Congregate Lunch Programs
Disease Prevention & Health Promotion
Fan Care/Cooling Assistance
Home Delivered Meals
Information & Assistance

Volunteer Opportunities

CAREGIVER EDUCATION PROGRAMS

The caregiver education series offer learning opportunities for seniors, caregivers, and their families on aging-related topics. These programs enhance the ability of the caregiver and family members to provide informal care for as long as appropriate. For more information about these programs, call 703-777-0257 or visit www.loudoun.gov/aaa.

DISEASE PREVENTION & HEALTH PROMOTION

The Area Agency on Aging offers evidence-based disease prevention and health promotion programs and services for older adults, caregiv-

ers, and their families. The programs provide information and education to help older adults improve or maintain health-related quality of life through preventing, treating, and reducing the effects of chronic conditions.

The Chronic Disease Self-Management Program (CDSMP) is an evidence-based education program designed by Stanford University that empowers older adults and caregivers to manage chronic health conditions. This free six-week program gives participants the motivation and confidence that is required to manage health challenges. Researchers have found that CDSMP participants have fewer hospitalizations and emergency room visits. Participants have a wide-range of chronic conditions such as arthritis, heart or lung disease, asthma, migraines, HIV, diabetes, Lyme disease, depression, or other illnesses that affect daily life. To find a local workshop, call 703-777-0257 or visit www.loudoun.gov/aaa.
